Trade fair services abroad

The Trade Fairs Brno Corporation has been providing the stand construction and related services for decades. Over this time, it has gained great organisational experience and know-how. In foreign countries, as well as at events outside the exhibition centre, the corporation provides these services through its Implementation of international exhibitions department. Complex organisation of technical implementation is provided, along with accompanying presentations and services supplied according to customers' individual requirements, all this at trade fairs and exhibitions on three continents, mainly in Europe, but also in Asia, and America.

The Trade Fairs Brno Corporation has acquired exclusive representation of several foreign trade fair administration enterprises. This provides for exclusive conditions including discounts on rental fees, the possibility to negotiate good position of the exhibition area for our customers, as well as operative solution of any possible problems. In these activities, Trade Fairs Brno is taking the advantage of joint network of foreign representatives in 31 countries of the world.

Brno is not just a city of trade fairs

The city of Brno issues and draws from a rich history, and lives fully in the presence. Literally in front of one's eyes, the city changes its face to become the centre of culture, as well as new science fields and technologies. It is the temporary home not just for trade fair visitors and foreign investors, but gradually becomes, as well as the entire South Moravian Region, an attractive tourist destination.
